

MPT Vacuum Spiral Hose

Introducing today's market-leading pool hose – unparalleled in durability, innovation, and reliability!

The MPT pool hose stands out for its superior quality and flexibility. This floating hose is versatile, serving various purposes such as connecting to a filter pump, cleaning unit, backwashing, and efficiently extracting water in conjunction with a pool vacuum.

Resilient to pressure and designed to float on the water's surface, this hose exhibits outstanding resistance to both chlorine water and UV radiation. Crafted from robust PE plastic, it surpasses standard water hoses in strength, stability, scratch resistance, and tear resistance. Notably, the material is non-toxic and skin-friendly. Characterized by its lightness, ease of handling, and weather resistance, the MPT pool hose is available in blue and black, with lengths of 15, 10, and 30 meters, featuring an inner diameter of 38mm.

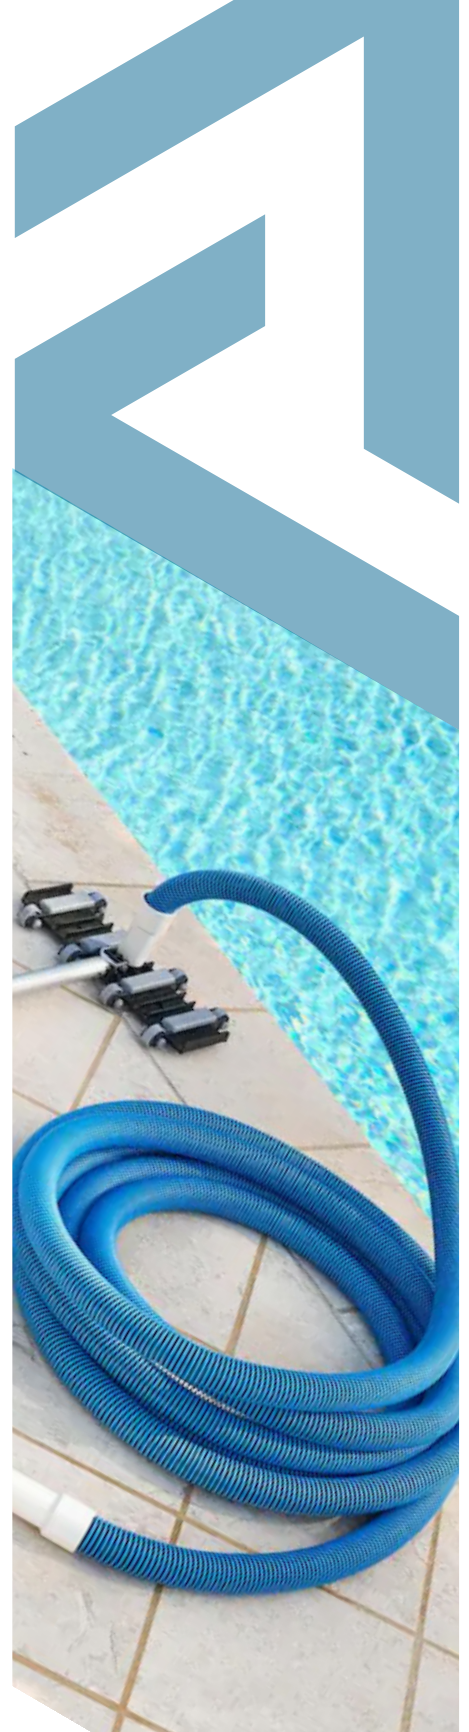

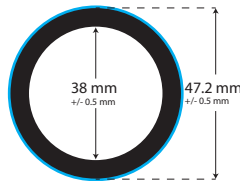

Manufactured to the highest standards, MPT Pool Hoses feature easily identifiable swivel cuffs on each hose. These flexible hoses are the ideal choice for both household and professional use in maintaining clean water pools. All our products come with a guarantee for immediate replacement in case of manufacturing defects.

Key Features:

- * Spiral design prevents kinking, crushing, or collapsing even under high vacuum conditions.
- * Highly resistant to UV radiation and chlorinated water, abrasion-resistant, flexible, and pressure-resistant.
- * Exceptionally resistant to high-temperature weather conditions.
- * Constructed from PE plastic, enhanced with Eva addition for durable flexibility and pressure resistance.
- * Neutral buoyancy (floating hose).
- * Swivel cuff to prevent twisting.
- * Ideal for connecting to a cartridge or sand filter system, piping the pool, and pool cleaning.

Technical Specifications & Dimensions:

- Inner Diameter: 38 mm +/- 0.5 mm.
- Material: %100 Pure PE.
- Ends: 360 Swivel cuff & Fixed cuff.
- Available lengths: 15, 10, and 30 meters.
- Colors: Light blue & black.
- Available in plastic vacuum pack and carton packing.
