# COMPACT **FILTRATION UNIT**

## Compact Filtration. Integrated Performance.

The Compact Filtration Unit from **Splash Egypt** is an integrated wall-mounted filtration solution designed for swimming pools and spas. Manufactured from durable chemical- and UV-resistant polyethylene, the unit combines a compact design with efficient filtration and a pump as standard, providing a practical solution for water circulation and filtration while minimizing the need for a conventional filtration room.

## KEY FEATURES

- Complete with 0.5 HP to 1.8 HP pump
- Chemical- and UV-resistant polyethylene body
- Compact wall-mounted design
- High-efficiency 6-micron polyester filtration
- Designed for swimming pools and spas
- Integrated, space-saving filtration solution
- Configurable with additional pool components

# TECHNICAL **SPECIFICATIONS**

| Specification | Data |
|---|---|
| Product | Compact Filtration Unit |
| Body Material | Polyethylene |
| Material Properties | Chemical & UV Resistant |
| Installation | Wall Mounted |
| Dimensions | 718 × 1121 × 1220 mm |
| Pump Power | 0.5 HP to 1.8 HP |
| Filter Type | Polyester Filtration Bag |
| Filter Material | 100% Polyester |
| Filtration Precision | 6 Micron |
| Filter Fabric Weight | 450 g/m² |
| Filter Thickness | 2 mm |
| Filtration Unit Body | Standard |
| Pump | Optional |
| Polyester Filter | Standard |
| Valve / Internal Plumbing | Standard |
| Underwater Light | Optional |
| Skimmer / White Goods | Optional |
| Handrails | Optional |
| Turbo Jet | Standard |
